

OVERVIEW FOR CORIAN NAVAL SERVICE URNS:

The Corian Naval Service Urn was designed and created for the Naval Academy Alumni Association, by a Navy family for the specific purpose of interring people in a formal and timeless way, using quality durable materials. We have developed an attractive, dignified and personal urn that recognizes the achievements of your family member in an appropriate and elegant manner.

The standard urn is 7" x 9" x 4.5" cobalt blue Corian, or red Corian with a polished finish and engraved text. The name and inscriptions are laser engraved with gold paint fill. The logos and insignia are lightly etched into the surface. The inside dimension yields 168 cubic inches.

- Corian is a durable permanent material
- Can include USNA class crests, and insignia
- Can include custom unique graphics
- Can include etched photo portrait
- Engrave up to three sides
- Smooth seamless finish
- Resistant to the elements
- Bottom loading
- Made to fit two per USNA Columbarium Niche
- Also available in black
